Rafiq Islam

Ph.D. Candidate in Mathematics

Florida State University Contact

Email: mislam@math.fsu.edu

Office: James J. Love Building: Room 331A

Office Hours: On appointments

I am currently a Ph.D. candidate and a Graduate Teaching Assistant (GTA) in the Mathematics Department at Florida State University. I am actively involved in research in the area of Data Science, Machine Learning, and Financial Mathematics under the supervision of professor Lingjiong Zhu. My academic journey has been both diverse and enriching, spanning multiple institutions and fields of study. Before joining FSU, I obtained a master's degree in Mathematics from Youngstown State University in Ohio, USA. Prior to that, I completed my undergraduate degree in Mathematics at the University of Dhaka (DU), Bangladesh, followed by a one-year integrated master's program in Applied Mathematics at the same institution.
